## DEATH ANGEL HAS SUMMONED F. P. KENNEDY

Passed Away at Johns Hopkins Hospital at Baltimore Tuesday Afternoon at 2:30 O'Clock.

Baltimore, Md., April 4.—Frank P. Kennedy, the Newark banker, died in the Johns Hopkins Hospital at 2:30 o'clock this afternoon, after an illness of about three months, with a tumor at the base of the brain. The body will be shipped to Newark for burial.

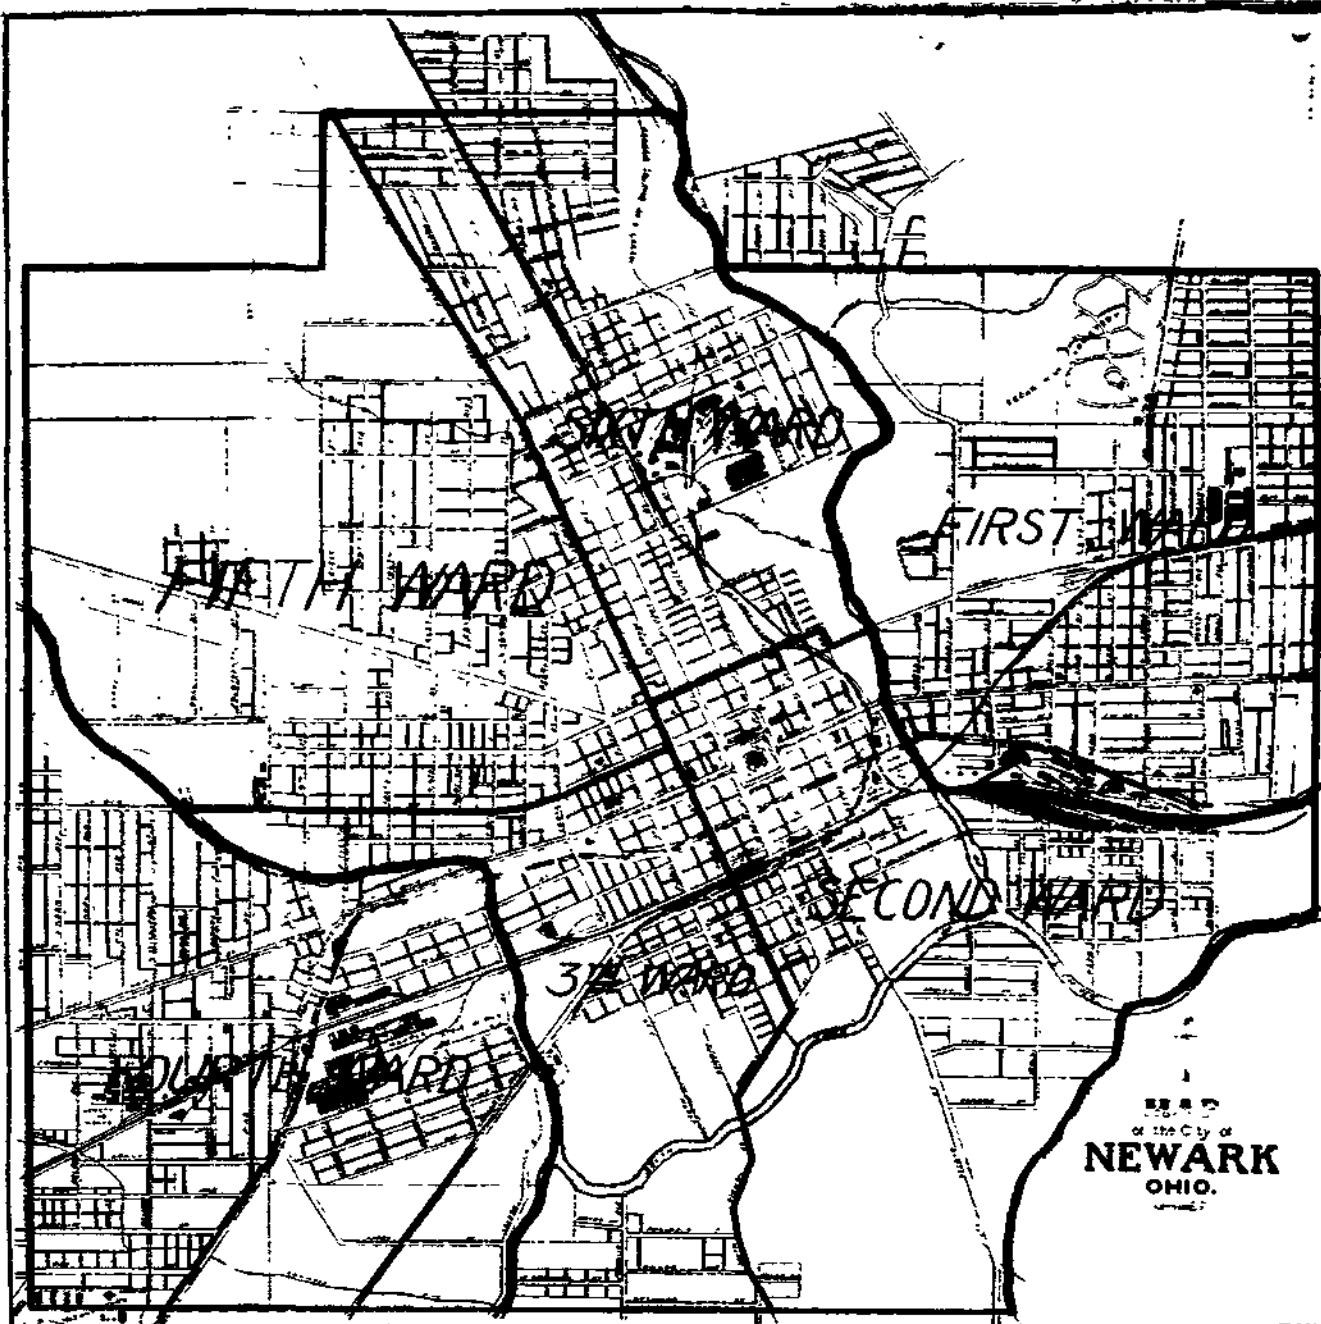

F. P. KENNEDY.

The sad news of the death of Frank P. Kennedy at the Johns Hopkins hospital, Baltimore, Md., comes to his friends in Newark as a distinct shock, although in no sense a surprise. In fact, it was expected long before this, it might be said even, that a majority of those who knew the delicate, frail man had little hope of his ultimate recovery when he first put himself under the knife to relieve his suffering from a tumor at the base of the brain.

Mr. Kennedy's trouble dates back a couple of years and his attending physician, Dr. J. A. Mitchell of Newark, in the late summer of 1909 realized that he was suffering from a serious affection and advised a period of complete rest from any arduous work. In the early fall of that year Mr. Kennedy took a trip around the world with a number of other Newark people, and returned early in 1910. His trip appeared to have benefited him greatly, but it was only temporary and during the summer and fall he grew worse and his trouble more acute.

The best skill of the most famous diagnosticians was called into his case and the consensus of opinion was that a growth had developed at the base of the brain. Heroic measures were employed in efforts to overcome this condition by the process of absorption, but they availed nothing and it was decided just after the first of January that the only possible chance of

## NEWARK DIVIDED INTO SIX WARDS

The Newark City Council passed an ordinance Monday night increasing the number of wards in the city from four to six in accordance with instructions from the secretary of state. The 25,000 mark, the city must be divided into six wards. It now remains for the Board of Elections to subdivide the six wards into precincts, no one of which can have more than 500 voters. When a precinct has 400 voters it may be divided but when it has 500 voters it must be divided.

In another column is published the ordinance fixing the boundary lines of the new wards. The accompanying illustration shows the lines of division.

## CITY TO BRING INJUNCTION SUIT AGAINST GAS COMPANY

**Would Restrain Company From Charging Price for Natural Gas In Excess of City Ordinance—City to Be Redistricted Into Six Wards, Made Necessary By Increased Population—Annual Budget Submitted.**

After the regular preliminary caucus behind locked doors Monday night, the city council met in open session at 8:12 o'clock and quickly transacted the business coming before them.

The most important thing done was the passage of an ordinance redistricting the city into six wards and the adoption of a resolution instructing the city solicitor to bring legal action by injunction or otherwise to restrain the Newark Natural Gas & Fuel Company from charging a price for natural gas in excess of that fixed by council in an ordinance passed March 6, 1911, which rate was the same as consumers have been paying—15 cents, net, per 1000 cubic feet.

This action and the one redistricting the city were taken under a suspension of the rules and without any argument or explanation.

When President Cox's gavel fell calling the meeting proper to order, the following members answered to their names:

Baker, Elsner, Wain, Muentz, Picher, Stare and Ingham.

The minutes of the preceding meeting were read and approved. The street committee reported favorably upon changing the name of Maiden street to Garfield avenue. An ordinance was later passed to make this change.

The law committee reported that they had examined a copy of the federal census and found that the population of Newark necessitated dividing the city into six wards and presented a map and ordinance to this effect.

Mayor Ankles submitted his report for March, showing:

City Cases—  
Fines and Licenses \$198.00  
Other collections 70.00  
Mayor's fees 8.00  
Officers' fees 4.00

Total \$280.00  
State Cases—  
Fines \$280.00  
Mayor's fees 144.00  
Officers' fees 72.00

Total \$496.00  
The annual budget of expenses of different departments for 1912, as estimated for the purpose of making a tax levy, was submitted and received and filed. The estimates are:  
Council \$18,400.00  
Sinking fund 82,000.00  
Public Safety fund 55,000.00  
Public Service fund 16,500.00  
Health fund 2,760.00

The engineer reported estimates of cost of laying sidewalks on both sides of Boylston, East Indiana and Maiden streets. Received and filed.

A petition was read for a light on Garfield avenue, at the intersection with Essex street. Referred to the service committee.

## Detectives Are On Guard Near Bank of Cincinnati Boss

Cincinnati, April 4.—Police Chief Jackson and five detectives rushed to George B. Cox's office at the Cincinnati Trust company in response to a telephone call this morning. They made no arrests. After a brief conference the detectives spread around the neighborhood and remained on guard at various points near the bank. The reason for their presence is being kept secret.

It is believed that a crank called on Cox and that his actions were of such a threatening nature that the bank officials feared for Cox's safety and called for the police.

charged with the crime of murder in the first degree.

The evidence in the case is now being heard by the grand jury, and the finding of the coroner will be formally filed with the clerk of the courts as soon as the transcript of testimony has been prepared by Court Stenographer C. C. Cooper.

## JUDGE MICHAEL DONNELLY ON TRIAL CHARGED WITH EMBEZZLEMENT OF FUNDS

Nashua, N. H., April 4.—The noted head-on trial on each side the trial of Circuit Judge Michael M. Donnelly, on a charge of embezzlement, opened in Common Pleas court today. Attorney General Hogan, Assistant Attorney General McGee and Special Council Charles Marshall are assisting Prosecutor Thomas Mulahay under orders from Governor Harmon. Judge J. H. Doyle and Ralph Emery are appearing for Judge Donnelly. The latter is charged with embezzling \$29,000 from the Anchor Line Insurance company before it was taken over by the Ohio German company.

Donnelly's defense is that he received none of the money and that the error resulted from a mistake in bookkeeping. Legal technicalities will probably complicate the case.

## TALK OF SPECIAL SESSION

### Among Ohio Legislators Caused by a Senate Resolution

### GERRYMANDERING BILL

**Will be Enacted and all Prominent Measures Brought Forward For Action.**

Columbus, April 4.—Two moves on the legislative chess board yesterday foreshadowed preparation for a final adjournment. In the senate there was a resolution offered by Senator George Cetone of Dayton, providing that a recess should be taken upon April 28 until May 11, when the assembly should adjourn without delay.

In the house of representatives a resolution was adopted naming a calendar committee to begin work on April 10, its duties being to select the more prominent bills and bring them forward for action.

This was offered at the instance of Speaker Samuel J. Vining, who promptly named the members of the committee and thus avoided the rush for preferment.

It was intimated that the Cetone resolution might in the end mean a special session.

The members named by the speaker were Russell, of Wayne; Evans, of Stark; Nye, of Pike, and Davis, of Erie; Democrats, and Langdon, of Warren; Gusweiler, of Hamilton, and Calvey, of Cuyahoga, Republicans. It is the belief of the speaker that with proper diligence the business of the session can be completed in time to adjourn on May 10. This will include the enactment of a congressional gerrymandering bill.

At Washington last week he was told that it was far from likely that congress would take up the making of a new ratio at this session. Congressman Isaac Sherwood of Toledo, said if it was done it would not be much before some time in June. For that reason he sent word to Chairman Fulton and Dean of the house and senate committees on federal relations to hasten their work on the tentative bills.

Chairman Fulton accordingly called a meeting for his committee for tonight.

Those interested in the reformation of the taxation system and the passage of the ten mills maximum levy bill, are most concerned over this delay. The proposition to place the county taxing machinery under the state tax commission through deputy commissioners, who are to appoint the township and ward assessors, as embraced in the Edwards bill, is not yet upon the house calendar. The assessing of personal property will begin next week, and it will have to be done by the assessors elected in 1908.

County auditors have been anxiously inquiring into this matter, as (Continued on Page 9, Col. 4.)

## DOLLAR A DAY PENSION BILL

Washington, April 4.—General Sherman of Ohio, introduced the first bill in a new house. It was the dollar a day pension bill. Shortly after Representative McKee (Rep., Mass.) introduced the Canadian reciprocity bill, exactly as it passed the last house. This was done to forestall the Democrats.

## GEORGE B. COX FACES FIGHT OF HIS LIFE IN CINCINNATI PERJURY CASE

GEORGE B. COX

George B. Cox, long at the head of Cincinnati politics, realizes that he has the fight of his life ahead of him. Prosecutor Hunt, a Democrat, had him indicted for perjury, on the charge that Cox swore falsely when he denied receiving public interest funds. Cox managed through Re-

publicans to get the case thrown out of court. Then Hunt secured a new indictment, and Judge Gorman, a Democrat, quickly granted a change of venue to Clermont county, where the courts are in the hands of Democrats. Cox promptly disappeared.

they should be admitted. With the opening of the way to the seats there followed a rush and a scramble and the galleries were filled.

Women, radiant in the bright hues of spring finery, composed at least

(Continued on page 9, col. 5.)

Washington, April 4.—Legions of happy Democrats today stormed the house end of the capitol, the prize of their November victory.

Stewart Champ Clark was the star feature of the occasion so joyous to his party brethren. As he sank gracefully onto the high-backed chair, the Cannon throne, the climax of party triumph seemed to have been reached and the acclamation of the Democrats on the floor and in the balconies was without bounds.

Since March 4, 1895, when Chas. F. Crisp, of Georgia, laid aside the gavel, there had been no Democrat in the speaker's chair.

Over on the senate of the house or government there had been a large shrinkage in the Republican majority but no change in party control and so there was no demonstration to mar the dignity of the opening ceremonies. Holdover senators were almost dazed by the number of strange men in their midst, mostly unknown and unsung political warriors, appearing as successors or battle-scarred veterans who had bossed the senate for years.

On the dot of twelve, gavel taps at both ends of the capitol signaled for order and the special session was under way. President Taft had mobilized the statesmen to get action on his reciprocity trade agreement with Canada, which was passed by the last house but neatly smothered by the senate.

Democrats in the house expect to reach the subject by and by, and, in the meantime, will try their hands at a revision of features of the Payne-Aldrich tariff law. Reduced rates on wool, schedule K, will be their first offering. Predictions of members, as to the length of the session range in time from July to September.

Interest centered in the house because of the turnover in control. Men were willing to give high prices for the privilege of seeing "Uncle Joe" Cannon with the minority of the floor and the valiant Missourian, with the national flag as a background and the terrible mare at his side, referee the doings in the pit.

The residents there care not for escorts to the polls unless said escorts be of their own political faith and many strong arm arguments will probably occur before nightfall.

### Doctors Said He Would Die.

#### A Friend's Advice Saves Life.

I wish to speak of the wonderful cure that I have received from your noted Swamp-Root, the great kidney and bladder cure. Last summer I was taken with severe pains in my back and sides. I could not breathe without difficulty and was nearly wild with the desire to urinate. Was compelled to do so every ten minutes with passage of pure blood with the urine. I tried all the different doctors from far and near, but they said it was no use to doctor as I would die anyway. I was at the end of my rope and was so miserable with pain and the thought that I must die that words cannot tell how I felt. One day a friend told me of the wonderful help he had received from Dr. Kilmer's Swamp-Root. She gave me one of your pamphlets which I read and determined to try Swamp-Root. After taking half a bottle I felt better. Haven't taken another bottle and am well as I ever was, thanks to Swamp-Root. I wish to tell all suffering people that have kidney, liver or bladder trouble, that Dr. Kilmer's Swamp-Root is the best medicine on the market.

All persons doubting this statement can write to me and I will answer them directly.

Yours very truly,

## CONGRESS

(Continued from Page 1.)

half the audience. Diplomats filled their reservation and President Taft, it was shown, had invited guests to the capacity of the gallery placed under his control by the house.

As a new house is without form and void it devolved upon Colonel Alex. McDowell, clerk of the last house, to call the members to order. This he did standing at his own desk in front of and below the vacant chair provided for the speaker. He called upon the chaplain for prayer, the first prayer of a session which always is printed in the Congressional Record.

McDowell directed the reading of President Taft's proclamation calling the special session. Then the roll was called alphabetically by states to record the names of the members present. Word passed among the members that 127 substitute names for those of members present at the session that opened last December appeared on the roll.

Then came the great event of the day, the election of the speaker. Of course, the result was not in doubt, but the realization that in a few minutes they would see Champ Clark's giant form passing up the marble steps to the speaker's station, keyed members and spectators to a state of excitement. Clark was mostly absent during the operation, but it was proved later that he was not far away.

McDowell named a Democrat and a Republican as tellers and they took their places at the clerk's desk. Each member, as his name was called, announced the name of his choice for speaker. The Democrats piled up their majority for Clark and a cheer of approval rumbled through the long corridors of the capitol.

A committee was appointed to notify the Missouri leader of the honor given him. The committee accomplished the task in a few minutes and when they returned the new speaker smiling and happy, was greeted with another burst of applause.

Clark made a speech expressing his deep appreciation of the honor and his realization of the responsibility devolving upon him. He took the oath of office and proceeded in turn to administer it to the members. They were called in groups to the clear space between the seats and the clerk's desk and with upraised hands subscribed to the oath as pronounced by the speaker.

There followed the election of the clerk, sergeant at arms, the doorkeeper and postmaster of the house. The clerk was ordered to notify the president and the senate that the house had completed its organization. A committee was appointed to inform the president that congress was ready to receive any communication he might be pleased to make.

A resolution adopting 12 o'clock as the time for daily meeting was adopted.

A report was submitted by Chairman Henry (Dem., Texas), of the committee on rules.

Proceedings differed somewhat in the senate, it being a continuing body. That is, one-third of the members retire or are elected every two years, but two-thirds of the membership are full-fledged with authority and qualified for business at the beginning of a new congress.

With Aldrich, Hale, Kean, Scott, Burrows, Carter and others of the standpat leaders missing the attendance on the floor presented an almost startling scene to those familiar with the senate of recent years. There was no Aldrich to direct the proceedings. Progressives, with their increased numbers and prestige, showed a serene and contented mood.

Vice President Sherman, ruddy with the glow of health, well-groomed, as usual, and also with a flaring carnation on the lapel of his coat as usual, stepped into the chamber at one minute to twelve as sedately as though there had been no break in the session. He announced prayer by the chaplain, and when that was over the clerk was directed to read the president's proclamation calling the extraordinary session.

The roll was called. Reasons for the absence of a number of members were given by their colleagues.

Re-elected senators and the new recruits were lined up in front of the seats and facing the vice president. He administered the oath prescribed by law.

Resolutions were adopted directing the secretary to notify the house that the senate was ready for business.

## OWNER KIENE IS AN OPTIMIST OF THE FIRST WATER

No Use to Be Discouraged, He Says. As Better Weather Will Come a Little Later On.

Secretary Charles Phillips, of the Toledo club, who is at the Warden with the second division of the Mud hens, who were scheduled to play in Newark Monday and today, is nothing if not an optimist and this spirit is reflected in Owner Harry Kiene of the Newark team, who has his headquarters at the same hostelry.

At no time has Kiene been discouraged, and his cheerfulness under the circumstances of miserable weather and a big outlay of money for practically nothing is one characteristic that shows the man's nature to go through with whatever he undertakes.

He said this morning: "Oh, well, this kind of weather can't last and I would rather see it come now than later in the season, when I believe we will have good weather."

"Good for you, Harry," echoed Phillips: "you have been hit pretty hard but look at us. We are paying hotel bills and railroad fares for thirty-four men and we haven't taken in enough money on the exhibition games to hardly pay for street car fare. But things will change never fear."

The Zanesville people have been trying to negotiate with Phillips for a game down there Wednesday or Thursday but he says there is "nothing doing" in that direction. The other team has gone on to Akron and the one now in Newark will stay here until Saturday unless word is received from Canton, positively cancelling the games scheduled there for next Saturday and Sunday, in which event Phillips will take his players immediately through to Toledo. But he is of opinion that the weather will clear up so that he can get them some good practice in Newark to say the Canton game.

The ball field at Moundbuilders park will be used by the players if at all possible, and just as soon as it becomes so, for batting and fielding practice. In the meantime Kiene is attempting to get a place for the players of both teams to do some indoor work to get the kinks out of arms and joints.

### RAILWAY AFFAIRS

Many Men Laid Off.

A sweeping cut in the laboring force of the Pennsylvania Railroad Co. was made at Denison Monday when 150 regular employees in the Panhandle shops at that point were laid off. Over 320 men at the various shops of the company in the Pittsburgh division are affected. Ninety-five men in the car shops, 55 in the locomotive works and 19 in the round house at Denison have been laid off. Eight regular engineers have also been reduced to firemen.

B. & O. S. W. is Fined.

Indianapolis, Ind., April 1.—The B. & O. S. W. railroad was fined \$225 in the federal court here for violation of the 16-hour law regarding the limit of time any members of train crews shall work.

Two New Men HAVE REPORTED TO MGR. NEWNHAM

When Wilson, the Greenpoint, Pa. pitcher, who had not been heard from since all right and in good shape, reached Newnam's squad of disconsolate Mound Builders hotel.

Newnam, the pitcher who worked with Youngtown for two seasons has also reported and says he is in good condition as far as excellent health is concerned.

The players did not even attempt any practice either morning or afternoon today.

## AN UP-TO-DATE DRUGGIST

It is surprising how many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old, time-tried remedies. For instance, for keeping the hair dark, soft and glossy, nothing equals our grandmothers' "sage tea" has ever been discovered. Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer. Nowadays when our hair comes out or gets faded or gray, instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur. This preparation is sold by all leading druggists for 50 cents and \$1 a bottle, or in case direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by J. D. Hall, druggist.

### Only Two Reported At Lancaster Monday; Awaiting Good Weather

Only two of the 22 have signed their contracts with Manager George Ruff showed up at Lancaster Monday morning.

They are Charles Riehl, who will manage the team and play first base, and Hugh Pete Currens, the old third baseman of the Lanks.

According to a letter sent out with the contracts Mr. Ruff informed them that if the weather was such that no practice could be had they were not to report until the weather cleared up.

### PACKEY M'FARLAND HAS BEST OF BOUT

Canton, O., April 4.—Packey McFarland of Chicago and Paek Kohler of Cleveland fought ten rounds before a crowd of 4000 persons at the Auditorium last night. While the stockpans batter had Kohler on the defensive and ducking throughout the bout, neither fighter received any serious punishment.

During the first seven rounds, Packey chased the Cleveland lad all around the ring, Kohler's footwork being far superior to his punch.

At no stage was there any danger of a knockout. Kohler had his lower lip cut in the first round and the blood caused him considerable annoyance. Walter Kelly, a Cleveland sport writer, was referee. There was no decision.

### SHORT SPORT

The Springfield players were kept indoors Monday and secured the Y. M. C. A. gymnasium, where the men played baseball, basketball and chess each other about the room to timber up their joints. The pitchers also worked, but used little speed and no curves.

A report is being circulated in Chillicothe that Ben Davis, who played center field for the Babes last season under the name of Dewitt, has decided to give himself to baseball. Dewitt was the leading hitter of the Babes and one of the few who finished the season with a batting average over the .300 mark.

Bantamweight Champion Johnny Coulton and Frankie Conley have been matched to meet in a 45 round contest on the coast. Darby Kelly, Conley's manager, and Pop Coulton, Johnny's father, signed articles of agreement.

Curly Blount, Youngstown boy and well known to the fans hereabouts, has gone to Ft. Wayne, with which club he has signed up for this season. Blount had a good year in the Central League last season and he expects to repeat.

Boxing promoters have begun negotiations for the holding of an international amateur boxing tournament in New York, which will practically determine the world's championship. The principal class to be entered in the proposed competition will be the heavyweight, with entries from England and France bidding for the title.

Jack Johnson, champion pugilist, who is doing time in jail for auto speeding, pleaded in vain Sunday for chicken, instead of the pork and beans that were served as part of the prison fare. In hope of being released at once, he promised to leave the state of California as fast as possible.

Rube Marquard claims that this season will convince all the doubtful fans in New York that McGraw has been absolutely justified in maintaining confidence in the tall southpaw for so long a time. "Heretofore I have always had kinks of some kind to hinder my work, but now I am ready and anxious to cut loose. I believe I have at last mastered what I have always lacked, namely, control," said the Rube.

Midnight in the Ozarks.

and yet sleepless Hiram Seranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes, "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy. It's the best known remedy. Price 50c and \$1.00. Trial bottle free. # IN SOCIAL CIRCLES

The Monday Talks held the last meeting of the present club year in the Assembly room of the Auditorium Theatre building and the program was most entertaining:

The Rhine: Holy Cologne to the Sea—Miss Laura Jones.

Modern German Art—Mrs. T. W. Montgomery.

The Delinquent Child—Mrs. Seymour.

A Trip South—Mrs. Samuel Hunter.

One of the enjoyable events of the season was given last evening when about twelve or fifteen of the members of the U. A. L. sprang a surprise on Comrade G. W. Rugg of North Fourth street it being the sixty-seventh anniversary of Comrade Rugg's birth. Mr. Rugg was a gallant soldier in the late war, having served four years and three months in Eighty-fifth New York Infantry, and the greater part of one year of that time was served in Andersonville. Comrade Rugg was taken entirely by surprise. But not so with his esteemed daughter and family, who had prepared a bountiful repast for the "old boys". Two hours or more were pleasantly spent, after which the comrades by Col. J. L. Wyly, presented Comrade Rugg with a fine rocker as a memento of their regard for him as a comrade.

The Travelers' club of Granville was most pleasantly entertained in the parlors of the Baptist church on Monday afternoon. Two papers were given which proved very interesting. Mrs. Jospier Jones talked on "The Prairies" and Mrs. Howe read a paper on "The Evolution of the Reaper".

A business hour was held during which report was made by the civic committee and the civic question was discussed with regards both to state and city. The next meeting of the club will be held in two weeks.

Mrs. H. W. Wright of West Church street will be the entertaining hostess this week on the club day of the Wednesday Afternoon Bridge club.

Mrs. John Sachs very hospitably entertained the Investigators Monday, April third at her home in the Mt. Vernon road, the occasion being their winter picnic. A very delightful program with Miss Anne Orr in charge, was enjoyed by all. A new magazine named The Investigators was launched and its different departments introduced to the audience by members of the club. A delicious dinner was served the guests and members. Among the guests were Misses Emma and Margaret Libby, Jessie Bartholomew, Armstrong, Montgomery, Kinsey, Crawford, Mesdames Ball, Hendricks,

lemon pie calls for the grated yellow rind and the juice of a large lemon. Mix together one tablespoonful of flour, one cupful of sugar and the grated rind; add the beaten yolks of two eggs, two-thirds of a cupful of cold water and the strained juice. Cook this over hot water until thick and pour into the previously cooked crust. When partly cooled spread over it a meringue made from the whites of the eggs whipped with two tablespoonfuls of powdered sugar until stiff enough to cut with a knife. Dust thickly with powdered sugar and brown in a moderate oven.

## GIRL POISONER IS HELD SANE

The belated report of the coroner's inquest at Canton, O., into the death of Elizabeth Manz, at Massillon, O., last year, has been filed and declares Katie Manz, the girl's sister, who was convicted of poisoning her and was sent to the State Hospital as insane, was sane.

"My own observation," writes the coroner, "is that Katie Manz was sane when she gave her sister poison, and had the knowledge to choose between right and wrong."

## TAKE A REST.

If women would take a few minutes' rest every once in a while during the day they could get lots more work done. It's the constant strain that makes a woman tired before the day is over. Maybe you think you can't take time to rest—if you will use Hewitt's Easy Task soap in the kitchen and laundry you'll save plenty of time. It cuts half the work itself and doesn't eat into the clothes like many common soaps do. Just say Easy Task to your grocer—he'll know.

## Economy and Dress.

**D**O you get your money's worth when you buy a pair of shoes? By money's worth, most of us understand an honest equivalent in wear for the money we pay. But comfort is an essential, especially to the one much on her feet; and some of us like also a certain amount of style.

Does a cheap pair of shoes, for instance, give you your money's worth of wear, or are they a poor investment? When a cheap pair of shoes doesn't wear, one is always comforted by the thought that they did not cost much. But for the price of two cheap pairs of shoes, a thoroughly fine, high-class pair could be bought, that would wear as long as the two cheap pairs, possibly longer, and be more comfortable and better looking in the bargain.

Price is of course one indication of quality in a shoe, but not always, unless you buy in a reliable store. In some stores, you may pay a good price and yet get a cheap shoe.

It is not easy for an inexperienced person to tell a good shoe. That is why it pays to buy in reliable stores. The woman who buys a pair of shoes once or twice a year has little real knowledge of the actual quality of what she is getting. She picks out the style she wants, but the quality of the leather or the thoroughness of the making are altogether beyond her ken.

Most women buy welt shoes, that is shoes where the sole extends slightly beyond the upper part. This is the "street shoe" as most women call it. Turned sole shoes have really only a slipper sole. They are intended more for house wear than any other use, and one can hardly expect them to stand hard wear.

One point that makes for good wear and comfort in the welt sole shoe is the stitching of the sole. One kind of stitching that is used in cheap shoes, but which in the hands of unreliable shoe dealers masquerades also in high-class shoes, goes entirely through from the sole to the insole. It is so covered with lining on the inside and with the "channel" on the outside that the eye cannot detect it. But after a little wearing, the warmth of the foot loosens the paste of the inside lining. This comes out and the foot is next to these heavy stitches which hurt.

But the chief objection is that shoes made in this way cannot be satisfactorily mended, and this in the end makes them more expensive than the higher-priced shoes with the better kind of stitching. For these shoes can be mended and mended while the leather holds good, and so in the end are by far the most economical kind to buy.

The cheap method of stitching is, as has been said, carefully covered up so that it is difficult to tell whether you are buying shoes that will give satisfactory wear or not. Price, in the right kind of stores, is some guide; and as one can deal as inexpensively in reliable stores as in unreliable, it is best to buy shoes in a store whose reputation is beyond question. The less one has to spend, the more careful she should be to purchase only in the most reliable stores.

But as a home test, take a penknife and very carefully insert it between the inside sole lining and the sole. Lift the lining just enough to see about a quarter of an inch from the edge. If you find a line of coarse stitching following the line of the shoe, you have poor shoes. Take them back if you have paid a good price. You haven't value received.

### DECISIONS ARE ANNOUNCED BY CIRCUIT COURT

Several Decisions on Alleged Violations of Rose Garden Law Reversed—News of Licking County's Temple of Justice.

On Tuesday morning the circuit court announced decisions in cases submitted last week, as follows:

John V. Wells, plaintiff in error, vs. State of Ohio, defendant in error. In this case Wells was charged with keeping a place where intoxicating liquors are sold contrary to law. He was tried and found guilty and sentenced by the mayor to pay a fine of \$100. Wells prosecuted error to the circuit court. The circuit court found that no affidavit was filed before the mayor and sworn to as provided by law, and therefore reversed the finding of the mayor, and the defendant was discharged.

Jerry Baker vs. State of Ohio, a similar proceeding, the defendant, Baker, having been fined in a like amount. The circuit court, in reversing the decision of the mayor, stated that the affidavit before the mayor, while purporting to be made by one Charles Swank, was not signed by him, but was signed by Chas. Hindle; that the requirements of the statute were not thus properly met. The defendant was discharged.

Wm. Moore vs. State of Ohio, a similar prosecution. Judgment affirmed.

James Jones vs. State of Ohio. Jones was convicted of breaking into a dwelling house and received a sentence of six years in the penitentiary. Judgment of common pleas affirmed.

Wm. H. Mead vs. Thomas Brown et al., a suit on an account. Judgment of common pleas affirmed.

Frank A. Bolton vs. Daugherty, trustee. Partition ordered.

Eli Hull vs. Canton Mfg. Co., suit on a contract. Judgment of common pleas confirmed.

Johnston & Croton Tel. Co. vs. Wm. F. Hughes, demurrer filed to amended and additional reply overruled.

Village of Granville vs. Crawford Natural Gas Co., demurrer to answer of Gas Co. overruled. Demurrer to the petition of the village sustained. Injunction heretofore granted dissolved and petition of plaintiff dismissed. Motion for new trial overruled. Exceptions taken.

Homer Grubb vs. State of Ohio, a proceeding to reverse judgment of conviction of Grubb in juvenile court on a charge of contributing to the negligence of a minor. Judgment of probate court affirmed.

E. W. Maurath vs. Henry Kropp, a suit to reverse a judgment upon a note secured by Kropp vs. Maurath. Judgment of common pleas affirmed.

### VILLAGE LOST SUIT AGAINST GAS COMPANY

Circuit Court Dissolves Injunction Secured by Granville Against Crawford Natural Gas Company.

In the case of the Village of Granville against the Crawford Natural Gas and Fuel Company, in which a temporary injunction was allowed, restraining the defendant from charging gas in excess of the amount fixed by ordinance, the circuit court on Tuesday handed down its decision, deciding against the village.

It will be remembered that after the temporary injunction was granted that defendant filed a demurrer, which was overruled and exceptions noted.

The defendant claimed that the ordinance passed by the village council June 2, 1908, was contrary to and in violation of Section 1, Article 14 of the Amendments to the Constitution of the United States, and was therefore null and void and of no effect for the reason that it was denied to the defendant equal protection of the laws in that it compelled defendant to furnish gas in a manner and at a price entirely at the option of the consumer, without the consent of defendant.

A demurrer to this answer was filed by the plaintiff and on hearing the demurrer was sustained.

The defendant then appealed the case to the circuit court and a motion was filed to dissolve the injunction on the following grounds:

That the plaintiff had no legal capacity to maintain the action as brought.

That the facts set forth in the petition were insufficient in law to entitle the plaintiff to the relief sought by way of injunction.

The court after fully going over the matter dissolved the injunction and dismissed the petition of the plaintiff with its costs. A motion for a new trial was overruled, with exceptions.

### An Unexpected Invitation.

A clergyman once heard an address, or what promised to be, turn unexpectedly into a challenge to a pie eating contest.

A young man, it seems, believed he could air his views upon certain subjects in a convincing manner if allowed to go before the multitude. He was given the chance and took the floor.

"Brethren," he began, his face flushing and his knees beginning to quake, "brethren (pause), brethren (in despair, will you? If any of you want to eat humble pie just step up!"—Newark Star.

### AN APPEAL TO WIVES

No more terrible affliction can come to any home than the excessive use of intoxicants by husband or son. Think of the money wasted in drink, which is needed in the home to purchase food and clothing. If you have a drinking husband or son, give him ORLINE. We are so sure that ORLINE will do what is claimed for it, that if after a trial no benefits are derived from it, we will refund the money.

ORLINE is prepared in two forms. No. 1, secret treatment, a powder, absolutely tasteless and odorless, given secretly in food or drink. ORLINE No. 2, in pill form, is for those who desire to take voluntary treatment. ORLINE costs only \$1.00 a box. Write for Free ORLINE Booklet (mailed in plain sealed envelope) to ORLINE CO., 662 Orange Building, Washington, D. C. ORLINE is recommended and is for sale in this city by Hall's Drug Store, 10 N. # Daddy's Bedtime Story

"Grandma's" Chickens

"In the first place," began daddy one evening after he had settled himself comfortably in his easy chair, "she wasn't really a grandma."

"Then why do you call her grandma, daddy?" began Jack, but daddy stopped him by saying:

"Don't be impatient, son. You shall find out very soon. She was called grandma by all the children who lived near her, for they all loved her and she loved them. She was an old woman who lived quite alone in a little house near a schoolhouse. She always had a smile and a pleasant word for a child passing her gate, so by and by they all got into the habit of saying 'Good morning, grandma,' when they passed her. Soon she was 'grandma' to all of the children of the neighborhood."

"I have said that she lived all alone in her little house, but that is not exactly so. She had many friends, especially in the summer time. Her friends were the pretty flowers which grew in the little garden in front of her house and which she picked sometimes to give to some of her favorites among the children. Oh, yes, she had favorites, although she loved all of the children. And then, besides her flowers and her fruit trees, at the back of her house grandma had her mulley cow and her chickens."

Jack had been quiet too long. He simply had to ask a question now, so he said:

"What's a mulley cow, daddy?"

"It's a cow without any horns, son," answered daddy. "Grandma's mulley cow was a very gentle animal. And grandma's chickens were just the cutest little birds of feathers any one ever saw. The children had very great fun watching those chickens. There were about fifty of them, and each one had a name. I can't remember all the names. Some of them were Speck and Spotty and Dandy and Chick and Scratch and Fussy. Grandma was very fond of her chickens, and so one morning when she awoke and found that a bad man had entered her chicken house in the night and stolen all her chicks she felt very sad and cried. Of course she told the children about it, and the police were notified, but no one ever got a trace of as much as a feather of the missing chickens. The children felt very, very sorry for poor old grandma."

"One morning about a week later grandma was astonished to see a lot of little chickens about the same size as her missing chickens running about in her yard. Each of them had a card on its leg reading, 'To take the place of Spot or Chick or Fussy.' They were gifts from the children to grandma."

# MANSLAUGHTER CHARGE AGAINST LEE AND WOLFE

Affidavits Filed Monday and Mt. Vernon Men Are Held in Default of \$10,000 Bail.

Mt. Vernon, April 1.—At 2 o'clock Monday afternoon Detective Harvey Rowley appeared before Mayor Mitchell and swore to affidavits charging Michael T. Lee and Alfred Wolfe with manslaughter.

The charge, formally, is that on or about March 20, 1911, these men "did unlawfully kill Charles E. Metcalf."

As soon as the affidavits had been made Mayor Mitchell issued warrants on them.

Detective Rowley and Officer McElroy went to the county jail and brought Lee and Wolfe to the mayor's court, where the affidavits were read to each of the defendants.

Wolfe heard the charge first. Mayor Mitchell explained to him that he might demand a preliminary hearing or waive examination, after he had entered a plea of not guilty. The mayor further explained that he does not have final jurisdiction. Wolfe studied for several moments and then waived examination.

The affidavit against Lee was next read. This defendant immediately waived examination.

Both were bound over to the grand jury. Bond in each case was fixed at \$10,000.

As neither defendant was able to give bond, both were returned to jail. Neither was represented by an attorney at the arraignment.

Both defendants showed extreme nervousness while before the mayor. No one was present except local officers, the prosecutor, who directed the form of the affidavits and warrants, the sheriff and two newspaper men.

No charge was filed against David Mackey, and it is not known whether one will be filed or whether he will be held as directed by the coroner, as a grand jury witness under \$5,000 bond.

The officers were very particular that Lee and Wolfe should not talk and the only words that passed between them Monday related to the fact that neither was shaved.

## GERMAN-AMERICAN ALLIANCE MEETING

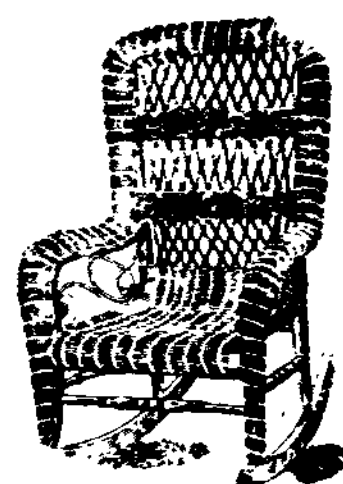

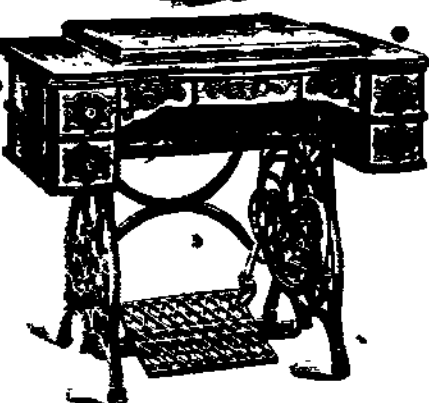

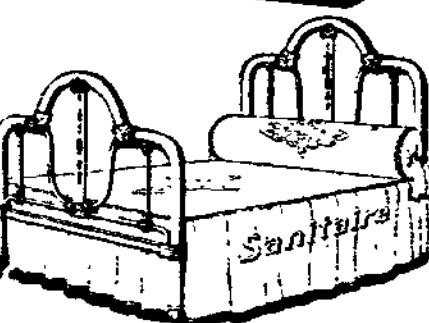

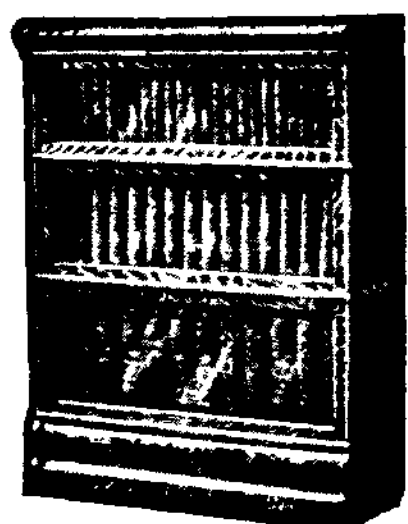

Joseph Dauber, a prominent architect of Columbus and president of the German-American Alliance of that city, will come here next Sunday afternoon and will deliver an address before the Newark Alliance at its regular monthly meeting to be held in Druid's Hall at 2 o'clock. Mr. Dauber is a fine speaker, and his address will be one of much interest to all Germans of Newark, who are invited to attend the meeting.

## Claim "Madame X" One of Strongest Plays Produced

Henry W. Savage's great production of "Madame X" opened a three nights' engagement at the Colonial theatre in Columbus on Monday evening, and the initial performance of the play in that city was witnessed by a large audience, among which was the writer and several other Newark people who will not have the opportunity of seeing the production when it comes to Newark on next Friday evening.

The play is a French melodrama, marked principally by pathos, but which gives opportunity for every display of human emotion, from that of the most exquisite comedy to the anguish of death and the bitterness of sorrow. A young wife forsakes her husband and child for a lover. She then returns home, but is spurned by the husband. She sinks to the commonest level and becomes acquainted with an ex-convict. He learns her story and threatens to expose it to her son, who has now become a promising lawyer. She kills the man to keep her secret and then unknowingly to both the son takes her case to defend her. The play offered a wide scope for effective acting and the cast portraying it last evening left nothing to be desired. In the big court room scene in the last act the audience was most enthusiastic over the great emotional acting of the son and the mother.

This same show, with the same cast and production, will come to the Auditorium theatre on Friday evening of this week, when the patrons here will have the opportunity of seeing one of the most talked-of plays of the day.

## GLEE CLUB CONCERT IS COMPLIMENTED

Denton's Crack Musical Organization Now Entour—News of the Old College City.

Gleeville, April 1.—From Gleeville comes a good report of the concert given in that city by the Denton University Glee club. The Jeffersonian says: "The audience seemed to be thoroughly well pleased, and entertained with each number. The strength and ensemble of the chorus was better

than when the club appeared here two years ago, and their opening numbers caused a favorable impression from the start." The Jeffersonian also gave a high compliment to the soloists: Fred Wolfe, tenor, and Karl Babb, bass, the pianist, Karl H. Eschman, Victor Hoppe, the reader, and others.

The club will give entertainments in Pittsburgh, Buffalo and other eastern cities in the ten days tour.

Many new houses are being built between Granville and Newark, along the line of the interurban railway. The desire for suburban homes seems to be growing this spring for small tracts of land along the interurban road. If the owners of farm lands between Granville and Johnstown could realize the advantages to be gained by an electric road they would unite their influence in favor of a line between

those two places, and would have it built as quickly as possible. The poorest of lands along the route would soon double in value. Give this matter a little thought.

While all this is being done, it would be well to remember that the town can do but a small part of the cleaning up of the place its most attractive appearance. Property owners in the year should property is given. Leaves and should be cleared away, old buildings remodeled. Far more beautiful can be done by its citizens than by the government.

The regular meeting of the Town Council will be held this evening and it is hoped that the members will be present.

If we simply leave the business as it came when the baseball season opened.

If some of the people in Granville who are continually complaining about the high price of living would get busy, it might result to our advantage. It has been demonstrated by experience that the average town lot, properly cultivated, is capable of producing not only enough fresh vegetables to supply the average family all summer, but also durable foods, such as sweet and Irish potatoes, that can be stored away for winter use.
